

**Huailai County 25MW/100MWh Gravity Energy Storage Project of China Tianying  
Inc.(CNTY)  
Ground-Breaking Ceremony**

On November 15th, the ground-breaking ceremony for Huailai 25MW/100MWh Gravity Energy Storage Project of CNTY was grandly held in Cunrui Town, Huailai County. Bing Lai, the Secretary of the Huailai County Party Committee; Qi Zhang, Deputy Secretary of the County Party Committee and the County Governor; other county leaders and heads of relevant departments; as well as CNTY's Chairman ShengjunYan, Vice President Ping Lu, and Chairman Assistant Xuebing Xiao, among other company leaders, attended the event together.

The ground-breaking ceremony was presided over by Hai Zhang, the Standing Committee member of Huailai County Party Committee and Executive Deputy County Governor.

In his speech, Qi Zhang, Deputy Secretary of the County Party Committee and the County Governor, pointed out that Huailai County 25MW/100MWh Gravity Energy Storage Project of CNTY, as the province's first gravity energy storage project, will become a benchmark guiding green and low-carbon development, integrating new energy and big data sectors, and achieving international application scenarios. Huailai County will absolutely treat the Huailai Gravity Energy Storage Project as a high-priority project, taking the lead in its construction. A special task force will be promptly formed to concentrate superior resources and provide full-service support, genuinely pushing the project forward with the utmost effort and optimum service.

Shengju Yann, Chairman of CNTY, expressed his sincere gratitude to the leaders at all levels in Huailai County for their trust and support of CNTY. He stated that Huailai County, being at the forefront of the Capital Economic Circle, has a clear regional advantage. With the strong support of Huailai County Party Committee and County Government, CNTY will take the commencement of the project as the starting point, drive the project construction with high quality and rapid pace, help Huailai county create a new benchmark for green, low-carbon data centers, make this project a key demonstration project of the National Green Data Center Demonstration Zone, and provide experience and demonstrations for the greening and low-carbon transformation of Hubei Province, and even China's computing power network.

In the warm atmosphere of the event, Bing Jia, Secretary of Huailai County Party Committee, announced the commencement and the groundbreaking of Huailai County 25MW/100MWh Gravity Energy Storage Project of CNTY.
